

## Specialty Buckets

for Wheel Loaders and Toolcarriers

### Fertilizer Bucket

- Designed to allow the fertilizer to spread in the bucket, utilizing full bucket volume.
- Custom designed **Fertilizer Buckets** are available.

### Loose Material Bucket

- Ideal for loading loose, non-cohesive materials in stockpile-type applications.
- Designed for loading material with a density of 2,000 lb/cu. yd. or less.

### Light Material Bucket

- Easily hauls, loads, digs and piles light material.
- Increases capacity up to 60% over standard buckets.

### Snow Bucket

- Ideal for piling snow in parking lots and on the road.
- Increases capacity by over 60% of a standard bucket.

### Skeleton Rock Bucket

- Designed for heavy duty rock handling.
- Ideal for filtering small rocks and soil through tines.

### Landfill/Refuse Bucket

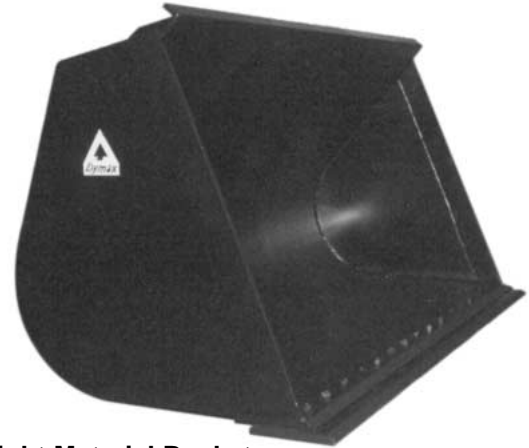

- Cage design increases operator visibility, even on big loads.
- This versatile bucket digs, loads, sorts, spreads, carries and dozes.
- Built-to-last top clamps provide load security and increased capacity.

### Landfill Multipurpose Bucket

- Equipped with a trash rack which increases trash capacity by 85% over a standard Multipurpose Bucket .

### Long Lip Bucket

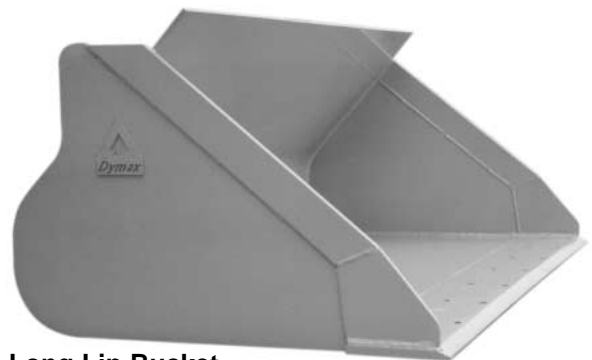

- This low-profile bucket provides greater visibility and allows the operator to see the cutting edge while loading light material.

## Specialty Buckets

**Landfill/Refuse Bucket**

The **Dymax Landfill/Refuse Bucket** shown at left is available in capacities up to 15 cu. yd. and larger for fewer trips across the landfill and increased operator efficiency.

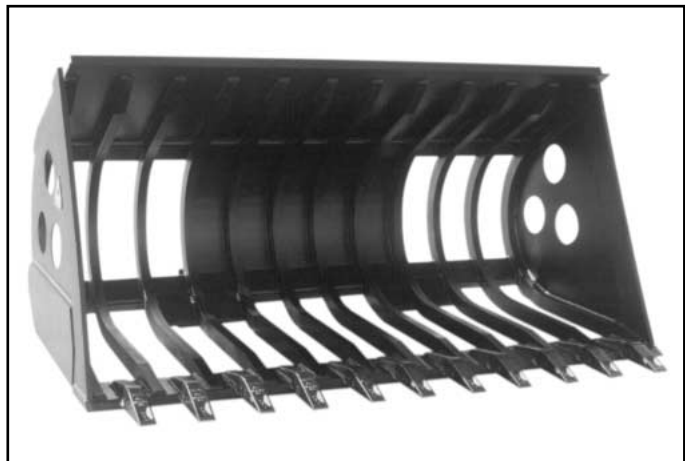

Even over the rough terrain of landfills, the top clamps provide maximum load security.

Top clamps are available in a single- or double-clamp configuration for increased flexibility.

**Dymax** designs and builds one-of-a-kind buckets for a multitude of applications. Our engineers work with the dealer and the customer to craft a Custom Attachment Solution that specifically fits the job.

Special profiles, top clamps and high dump clearances are just a few of the options that can make a **Dymax** bucket perform better.

Call 1-800-530-5407 or visit our Web site at [www.dymaxattachments.com](http://www.dymaxattachments.com) today for more information.

**Skeleton Rock Bucket**

Just because you don't see it pictured here doesn't mean **Dymax** can't design and build it. Our specialty is creating **Custom Attachment Solutions** for nearly any job.

Our buckets are built to last over the long haul and are backed by the **Dymax** tradition of integrity, quality and service that has made the company one of the most respected names in the industry.
