

DYMAX WORK TOOLS

MILLYARD FORKS FOR WHEEL LOADERS AND TELEHANDLERS

OVERVIEW

Dymax Millyard Forks enable the operator to maximize loader efficiency in various types of millyard applications.

The Dymax Millyard Fork is ideal for unloading, sorting, decking and feeding logs to the mill. Available for wheel loaders and telehandlers.

FEATURES AND SPECIFICATIONS

- Dymax Millyard Forks feature a paddle clamp with heavy duty hydraulic cylinders.
- Equipped with heavy duty box weld constructed tines with solid heavy duty tine tips.
- Optional replaceable tine tips are available if specified.
- The paddle top clamp closes between the tines to hold a single log snugly.
- Dymax Millyard Forks are available as direct mount pin on models or with coupler hooks to work with the Dymax coupler system or other popular models.
