

DYMAX WORK TOOLS

STRAIGHT DOZER BLADE

OVERVIEW

Dymax Straight Dozer Blades are highly versatile and built for tough applications. Dymax Straight Dozer Blades can be found working in many harsh applications and are commonly found dozing rock, maintaining haul roads in severe work environments. Most commonly found on wheel dozers, the Dymax Straight Dozer Blade is available with tough Hardox liner wear packages, replaceable bolt on cutting edges and end bits.

Dymax Straight Dozer Blades are ideal for iron ore mines, gold mines, copper mines and other metal producing mines. If you need a tougher blade, you need a Dymax Straight Dozer Blade. Dymax Straight Dozer Blades are available with push arms for fitting certain models of Caterpillar Wheel Dozers.
