

DYMAX WORK TOOLS

RAIL CLEANUP BUCKETS

Dymax Rail Pocket Clean-up Buckets are ideal for cleaning spilled materials from the track bed.

The custom built rail pocket easily fits snug over the rails while operators drive forward picking up coal, cement, commodities, and aggregates. Models are available to meet your specific loader requirements and rail gauge spacing.

CRIBBING BUCKETS

Dymax Rail Cribbing Buckets are built to last. These specialty railway application buckets easily clean in and around ties and under rails.

Dymax Rail Cribbing Buckets feature a super efficient long lip design, giving operators the upper hand. Available for backhoe loaders and excavators, and are supplied with replaceable cutting teeth.
