

DYMAX WORK TOOLS

COAL BUCKETS FOR WHEEL LOADERS AND TOOLCARRIERS

OVERVIEW

Dymax Coal Buckets are built to provide years of productive use and are backed by the best service in the industry.

Designed for materials weighing 1700lbs or less, Dymax coal buckets are specifically engineered to match each machine and its parameters.

Dymax Coal Buckets can be configured as stockpile or seam loading buckets. Straight edge models and spade nose edge models are available, and can be equipped with replacement OEM bolt on cutting edges or specific teeth. All buckets feature heavy duty high tensile steel bottom wear plate construction.
