

Rake Buckets

For Wheel Loaders & Toolcarriers
and Track Loaders

Dymax Rake Buckets are built to provide years of productive use and are backed the best customer service in the industry

Dymax Rake Buckets feature either A514 T1 steel tine construction or can be ordered with A572 steel construction. Each tine is equipped with a high tensile steel replacement weld on tip.

Dymax Rake Buckets are built to customer specifications regarding tine spacing and widths

Available as direct mount pin on models or with coupler hooks to work with the **Dymax coupler system** or other popular models.

Dymax Rake Buckets are similar to **Dymax Loader Rakes** but feature side plates for allowing customers to carry and load materials more efficiently in specific applications.

Contact **Dymax Sales for more information 1-800-530-5407** or your local equipment dealer.

Materials and specifications subject to change without notice.
