

# DYMAX WORK TOOLS

## 14" GRAPPLE SHEARS - CONTRACTOR SERIES FOR 14-20 TON EXCAVATORS

### OVERVIEW

The Dymax 14" Contractor Series Tree Shear is ideal for maintaining ditches around highways and county roads, as well as other utility clearing operations.

Available to pin direct to stick linkage or can be tailored to fit pin grabber type couplers. Backed by a 1 year, 1,000 hour warranty.

Additional warranty may be purchased upon request.

### FEATURES AND SPECIFICATIONS

- Solid cast shear arms are 50% stronger than competing products.
- Equipped with replaceable 1" thick razor sharp AR400 knives.
- 3" chrome plated pivot pins with replaceable bushings and dirt seals.
- Two 5" power cylinders with 3" chrome plated rods and guarded hardline deliver more shearing power compared to single cylinder models.
- Includes sequence valve allowing grapples to secure the tree prior to shearing, giving the operator full control.
- Max pressure required 3,200 psi.

Model #	Description	Weight lb	Weight kg
DX-TS-DGCS-14in-HX	Tree Shear - Double Grapple - 14in max shearing diameter - Hydraulic Excavator	2500	1134

Machine requires auxiliary bi directional circuit set at 20-25 GPM flow rate and 3200 psi max system pressure
