

V-Tree Cutters

Caterpillar Track-Type Tractors

Dymax V-Tree Cutters for Caterpillar track-type tractors are designed to provide years of use and are backed by the best service in the industry.

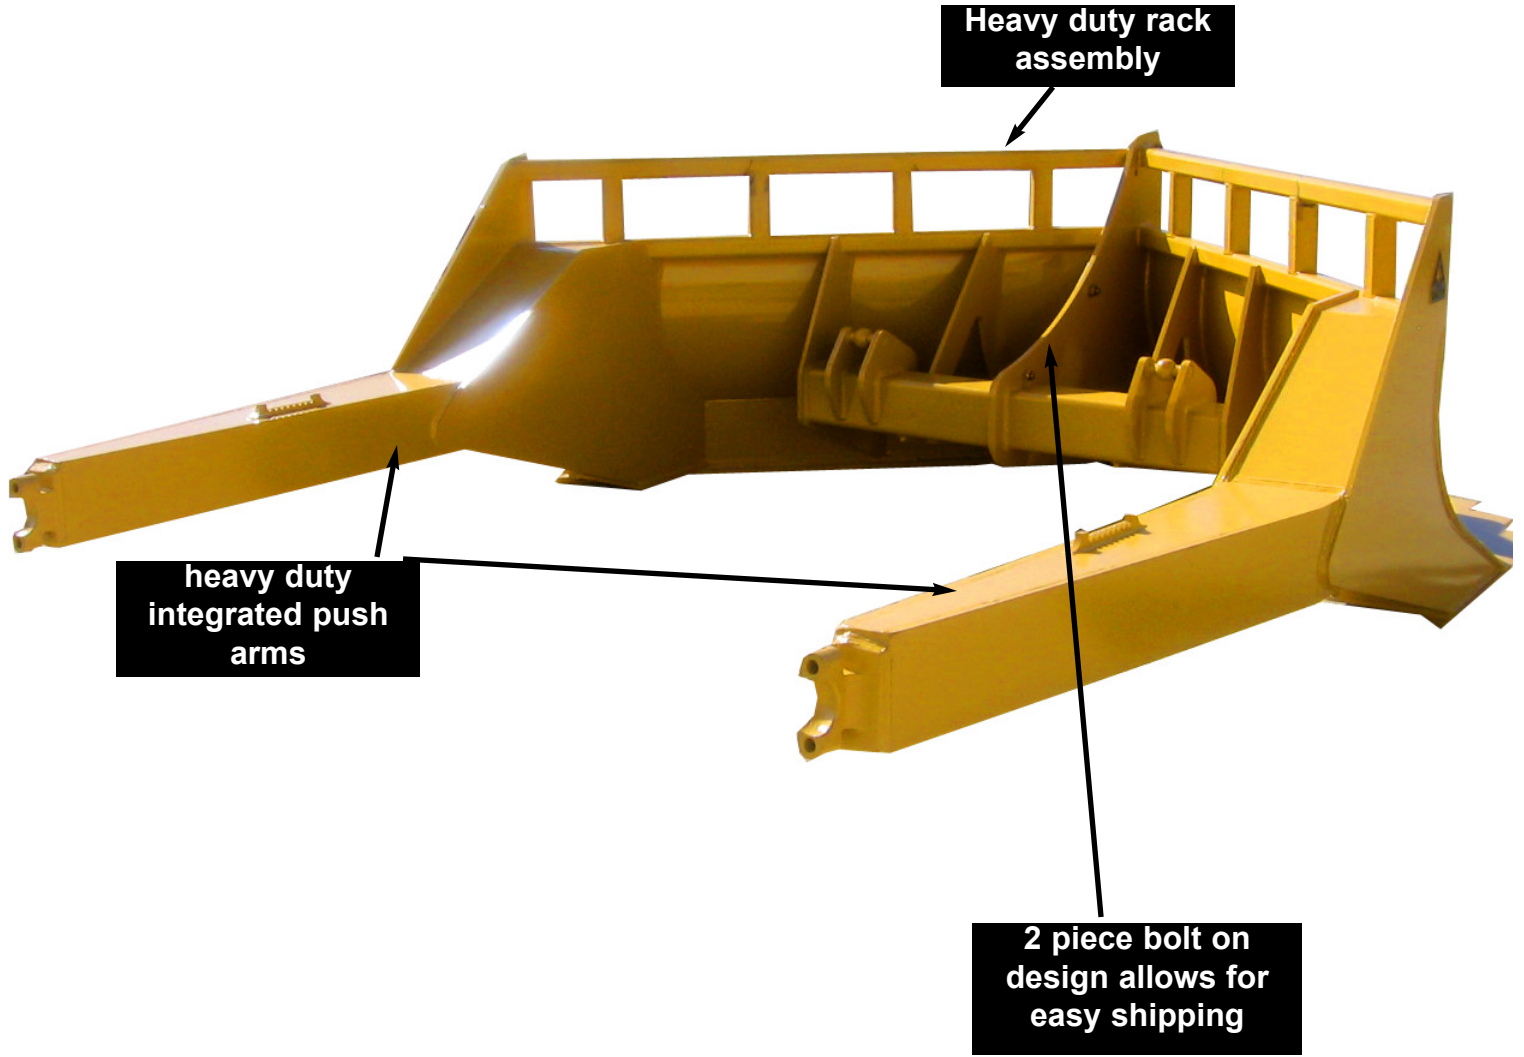

Dymax V-Tree Cutters are ideal for forest clearing and are designed in a two-piece configuration. Welding is required during final installation.

Equipped with heavy duty leading stinger which allows operators to split larger trees bringing them to the ground in a hurry.

All **Dymax V-Tree Cutters** feature a heavy duty weld on AR400 serrated cutting edge.

Dymax V-Tree Cutters feature built-in push arms which attaches to factory outside mount trunnion balls on Caterpillar track-type tractors.
